Born—To Mr. and Mrs. B. E. Kelly of Oyen, on Wednesday, Feb. 14th, a son.

CARD OF THANKS

Mrs. D. E. MacDonald and family wish to thank their many friends for their kindness and sympathy during their recent bereavement.

The Moffat Bros' Cup

Last night the members of the Oyen Curling Club commenced to play for The Moffat Bros' Cup, which was donated by Messrs. Moffat Bros. Jewellers, 208 Eighth Ave. W., Calgary to the club for annual competition by the members. About forty-one members will take part. Great things are expected by the skips as most of them have done well at Alaska winning the Beaver Cup and also at the Calgary Bonspiel where they certainly made a reputation for themselves, and with the many games played on the rink during the winter they should all be in good form.

In addition to the cup, there will be some very nice prizes given to the winning rink and the runners up. The event is expected to wind up on Friday evening.

Corp. J. A. Jones

Thanks Oyen Red Cross Society

18 Florian Rd., Putney,
London, Jan. 7th 17

Dr. H. C. Swartzlander,
Oyen, Alta.

Dear Doc:

I must write and thank you and the other good people of the Oyen Red Cross Society for their great kindness in sending me this parcel of good things which I received quite safely two or three days ago.

It was indeed a very pleasant surprise coming as it did from that great little town which although thousands of miles away from here was brought very close to me in the sentiments, which I am sure, were expressed in the contents of that parcel. Needless to say, the goods were very acceptable and I and those with whom I shared them enjoyed them very much.

I found it had been addressed to France. Well, as a matter of fact I have not reached there. Although within a week after landing in the dear Homeland, I was put on draft for the front and was in training for two or three days when I was taken ill with Diptheria and was packed off to hospital with several more of the fellows in our battalion. After having been there for three weeks and received my third negative report I was allowed to go home on a special pass. After which post general paralysis followed which as you will know is quite common in such cases. Eleven weeks elapsed before I was in a fit condition to again report for duty during which time my mother died. So you may imagine there has not been much joy attached to my home-coming and I have not yet become accustomed to the notoriously rotten climate. I was back with my suit, or rather my remnant of it, only about ten days when through the good influence of Col. Naismith (God bless him) I was sent up to London to report for duty at the Canadian Records office where I have been ever since, and my strength and usual good health have now completely returned. I am down once more for France and may be out there anytime.

Spring Goods

New Goods are daily arriving and are being opened now for your inspection

No time like the present to do your Summer Sewing

LADIES

Come in and see these new goods. We cannot impress you too thoroughly how hard it is to get the Prints etc. you want this year. So be wise and come early.

MEN

Mr. Birney, the House of Hobberlin representative will show his Spring samples of Men's suits in our store as FRIDAY. Call and see them and have your measure taken for that New Suit.

S. A. Miller & Co.

Corp. J. A. Jones's Letter

Continued from page one
I may say here Doc, that if it had not been for my illness coming when it did, I would probably have been out there and been not very far from one of the most gallant and finest platoon commanders who ever wore the Khaki uniform. I shall never forget Lieut. Bert Scott. The day before he left camp for the front he came to me in the hut to shake hands and he was to say good-bye. I wished him the best of luck. He said that the next time we would meet would probably be in heaven. That was the last I saw of him. The next I heard of him was that he was the first officer into Combes with his platoon and was recommended for honors. I need hardly say, that his deathcast a gloom over the camp, especially amongst those of us who knew him so well. He was very popular with the boys of his platoon. He always had their comfort and welfare at heart, and he was what all the true soldiers should be a strong disciplinarian.

My very deepest and heartfelt sympathy goes out to his brave wife, and his family who have made the sacrifice. I seem to have lost touch of the other Oyen boys, except Sergt. Porter who is convalescent at Hastings. His brother, Jack is in the Records office and we often meet. I heard that "Slim" McMurray was returning home and I suppose he may be there by now.

"Slim" was a man who would have made good soldier if he had been handled right and many others with him. It is too bad he was never given the chance.

Well, how are things in Oyen? Here's wishing the little burgh and all the good people who are left behind to keep the home fires burning the best of luck and prosperity throughout this year, and should I have the good fortune to return I hope to have the unspendable pleasure my dear Doctor of having dinner and smoking a cigar with you once more in peace and comfort. From the bottom of my heart I thank you all for your kind thought.

Please give my very kindest regards to them all, especially to Malcolm MacDonald. I shall always have a warm corner in my heart for Oyen and the happy days before the war.
Yours most sincerely,
J. A. Jones

NOTICE

A Convention of the Independent Electors of the Constituency of Acadia for the purpose of formulating a Party Platform and for nominating a candidate for the next Provincial election, will be held in Arnes' hall, Chinook, on Thursday afternoon, March 1st at 2 o'clock. All are cordially invited to be present and to take part in this meeting—a special invitation being extended to the ladies of the constituency. Delegates only will be allowed to vote. These are allotted as follows: Sibbald 2, Oyen 2, Corral 2, Chinook 2, Youngstown 2, and each township in the constituency. All interested in the movement are requested to select their delegates at once, and send to the Secretary suggestions re Party Platform and the best ways and means of making this movement the success it should be. By order of the Independent Political Association of the Constituency of Acadia. Lorne Proudfoot, Secretary

The Biggest Advance In Grain Drill Construction In Many Years

Sowing the seed is a very important operation, as on it depends in a great measure the success or failure of the crop. If the seeding is not properly done, perfect weather conditions are of little help, while on the other hand, right sowing means a largely increased yield under favorable conditions, and, in a bad year may mean the difference between success and failure.

The Massey-Harris 'New No. 11 Drills are in use by thousands of progressive Western Farmers and have proven beyond question that they have no equal in Canada. Now, with the Steel Grain Box, and other improvements, it marks another big advance in Grain Drill Construction—the Steel Grain Box being one of the most important improvements ever made on a Drill and is a good example of Massey-Harris enterprise.

Great Allied Fete Held in Chicago

A series of fetes have recently been held throughout the American cities in aid of the Allied cause and the enthusiasm displayed everywhere and the immense sums raised makes pleasant reading for those who have always maintained that the nation's sympathies were with the Allies.

A Sibbald correspondent is in receipt of a letter from a Chicago friend, a part of which is given below, describing the fete held in that city, similar to those held in New York, Boston and Philadelphia.

"The Allied Bazaar is on at the Coliseum and it is the greatest Charity affair ever given. It started on the 11th and will close tomorrow night, the 20th. Our club had charge of the cake booth. I was on duty last Sunday selling cakes from 5 p. m. to 11 p. m. We sold \$1810 worth of cakes that day—but Monday was the banner day, when they sold \$400 worth. Every worker in the place pays a dollar for their ticket and badges and there are over 4000 workers. There were 40000 tickets sold at twenty-five cents before the bazaar opened. One night they sold an egg for \$55 and a ton of coal for \$45. People are entering into it with heart and soul, and everything is donated. There is a blind soldier there who lost his eyes at the front. He goes around the hall and he is literally covered with money—pinned all over him—money of all denominations. A woman pinned a \$100 bill on him the other night. All the Grand Opera stars gave their services every night, and draw the 'crowd too'.

The Canadian Exhibit at the bazaar is very pretty. Everything has been donated—this includes several automobiles, motor boats, beautiful oriental rugs, bedroom sets and valuable antiques, beautiful crocheted bed spreads. The Irish Booth had some beautiful linens. All the proceeds go to the Allies. There is the Canadian Red Cross Italian Red Cross, French Red Cross. The Canadian girls are dressed as Red Cross nurses, and have a large roll of adhesive plaster on which to stick coins, and then it is rolled up as a plaster again. That is quite an idea to keep money together."

Short Course Will Not Be Held

The following extracts from a letter from R. Creelman of the C. N. R., will explain why Oyen will not have a short course in agriculture.

"In addition to the fact that equipment and motive power is very short (for the reason that every possible effort is being made to move freight and munitions) we have received instructions from the Railway Commission that under no circumstances whatever must any special service of any kind be performed on Canadian Railways at this time. All our energies in the meantime must be devoted to the necessary transportation problem, with always in view the fact that the WAR must be won."

Bring your grain to the Oyen Feed Mill to be crushed or ground.

OilPull Means This

FUEL at one-half the price means lower operating costs, smaller upkeep expenses and bigger profits.

Bear in mind that the OilPull is the only tractor that will successfully burn kerosene and cheaper oil fuels at all loads, under all conditions—all the time.

The OilPull, through deep plowing and thorough soil working, is increasing crops for a great many Dixie owners—in some cases doubling them. Earning kerosene, the OilPull adds this increase to your bank account at the lower possible cost.

A more dependable tractor than the OilPull can't be bought and you will find it able to take care of all your power jobs, whether draw-bar or belt. Two sizes, 15-30 and 30-60 horsepower.
